Our City Comment & discussion

by THOMAS D. WATSON

Your Vote Is Needed by the Schools Today

THE citizens of Glendale go to the polls tomorrow to vote on a bond issue of $500,000 for use in increasing the facilities of the city schools.

Regardless of how you vote, it is your duty to go to the polls and cast your ballot. As a loyal citizen, you should do this.

We have done our best to present this proposition to you in an impartial way, for we felt that all that would be necessary to secure your vote was to explain the necessity of action at this time.

The Glendale Press stands right back of all efforts to keep taxes down, but when it comes to choosing between a small saving in our tax rate, at a sacrifice in the efficiency of our school system, we do not hesitate in getting back of the schools.

* * *

IN one of our editorials we told you that the growth in enrollment of our city schools in the past five years had been 178 per cent, while increase in school facilities amounted to only 98 per cent.

These figures ought to convince the most skeptical that some action must be taken at once to relieve this situation.

By voting these bonds you will enable the school authorities to bring their building program up to the enrollment.

We have heard that a suggestion has been made that action be deferred until the junior high school idea could be worked out. We think this would be inadvisable, for while we are absolutely sold to the junior high school idea, we know that the grade school program has to go ahead, regardless.

In checking over the proposed improvements we notice that no provision has been made to improve either the Colorado school or the Wilson avenue intermediate school. We understand the committee left these schools out, with the thought that with the inauguration of the junior high system these schools would be relieved to a great extent.

We have been told by school authorities that if these bonds should not be voted it would be necessary for half day sessions to be held in all sections of the city.

* * *

IN going to the polls tomorrow, if you have any idea of voting against the bonds, bear in mind that you are only aiding in putting the matter off for a short time, for conditions like those existing today, and which would get worse tomorrow, cannot last long.

If Glendale is to continue to grow in population we must increase the school facilities.

Why put off for the morrow what can be better done today?

The Glendale of tomorrow absolutely depends upon the character of the children we are educating today.

Are we going to handicap these children by neglecting to provide the means of educating them properly?

The question is up to you to answer. How are you going to do it?

PUBLICITY WORK OF C. OF C. IS CRITICISED

George Karr Points to the Possibility of Misapprehension

That the method of handling the publicity of the operations of the Glendale chamber of commerce through a special committee appointed for that purpose, was meeting with the disapproval of some of the people of Glendale was the statement made to the board of directors of that organization at its meeting at the Harriet Mae Tea Room Tuesday afternoon, by George Karr, chairman of the civics committee.

It is believed by some people that the committee in charge of this work is smothering the truth regarding the operations of the chamber, and that the publicity is being colored to suit the purposes of the organization, which Mr. Karr stated, was not in any way a fact.

It was decided to take the matter under the consideration of the committee as a whole.

TUESDAY AFTERNOON CLUB REALIZES ITS VISION OF 18 YEARS

Members and Escorts Gather in the New Home of the Organization and Hear of the Work That Has Made It Possible

MANY FLOWERS MARK CONGRATULATIONS

Eighteen Years of Endeavor Culminate in Meeting Which Packs the Auditorium and Overflows Through Beautiful Home

By CORINNE ORFF

Combining two important events in the annals of the Tuesday Afternoon club—the fulfillment of a dream which has been the vision of members of this organization for some eighteen years, that of having a clubhouse of their own, and the annual "husbands' night"—the formal opening of the new clubhouse at Lexington drive and Central avenue took place last night. As a fitting program for such an occasion, the members of the drama and music sections presented "Women of History."

Mrs. Daniel Campbell, president, and other officers and directors received the members and visitors. The meeting was opened with the singing of "America," led by Mayor Spencer Robinson, with Mrs. Gertrude Champlain Erb at the piano. Telegrams and letters of congratulation were read from France Coldwater; Mrs. J. C. Urquhardt, district president of the Federation of Women's Clubs, and from Arthur H. Dibbern, president of the Glendale lodge of Elks.

Alfred Priest, architect for the Tuesday Afternoon Club building, was introduced by Mrs. Campbell and expressed apreciation for the privilege of having served in this capacity. He also complimented the building committee and the furnishing committee on their work. Mr. Priest then turned over the building to Mrs. C. E. Hutchinson, chairman of the executive building committee, who gave a resume of the club's activities since the purchasing of the present property over a year ago. She expressed appreciation for the work of the building committee and in turn presented the building to Mrs. Campbell, for use of the club in the future. The other members of the executive building committee were: Mrs. H. E. Bartlett, Mrs. A. P. Findlay, Mrs. A. M. Hunt and Mrs. Daniel Campbell.

A brief outline of the club was given by Mrs. Campbell. Past presidents of the organization who were able to be present were Mrs. Robert A. Blackburn, Mrs. Alphonso W. Tower, Mrs. Mattison B. Jones, Mrs. H. E. Bartlett and Mrs. C. E. Hutchinson. In memory of the first club president, Mrs. Frank Taylor, who has passed away, her sister, Mrs. MacLennan, and brother-in-law, have presented the club with a president's chair.

Rev. Louis Tinning, president of the Ministerial Association of Glendale, led in a prayer of gratitude and thanksgiving. The beauty of the club building was far beyond the realization of many of the members and proved to be a continual source of admiration. Particularly attractive are the varied lighting effects in the auditorium. Mrs. Campbell acknowledged gifts of money, furnishings, etc., which have been presented to the club. Mayor Spencer Robinson as representative of the city of Glendale, was called upon for a short talk, in which he expressed cooperation and extended best wishes to the Tuesday Afternoon Club for its continued success in the new home.

The meeting was then turned over to the district chairman of drama, Mrs. R. E. Chase, who is curator of the drama section, and Mrs. Warren Roberts, chairman of the music sections. The play, "Women of History" opened with a scene in a modern home showing the Girl (Doris Packer) who desires to see the women of history. In response to her wish there appears Genius of History (Mrs. A. P. Findlay). She fulfills the desire of the Girl by calling forth from the pages of a large book famous women of history. First there appears the Spirit of Modern America (Mrs. Max Green). Mrs. A. M. Draper, as a Puritan maid at the spinning wheel, sang "Priscilla, the Little Puritan Maiden" (Macy.) "America, the Beautiful," sung by Mesdames Sherman, Parker, Cole, Arnold, Meadows, Viereck and MacMullin, preceded the entrance of Modern America. Judith, the Jewish Princess (Mrs. Lee Childers) appeared next, and then Xantippe, the wife of Socrates (Mrs. Colin Cable).

A Spanish dance by Miss Viola Yorba was given previous to the entrance of Isabella, Queen of Spain (Mrs. Malvern Barker). Mrs. Charles H. Temple as Cornelia, a Roman Matron, entered during the singing of a Roman War Song by the chorus.

The Girl then expressed the wish to see Mary Washington (Mrs. W. F. Nash), who entered after the singing of "Mother Dear" by Mrs. Frank Arnold and Mrs. Charles A. Parker. Molly Pitcher, the Heroine of Monmouth (Mrs. W. L. Andrews) was called for next. The program also included the following characters and song numbers: Betsy Ross, maker of the flag (Mrs. Charles A. Parker); minute dancers, Lucile Allen, Lois Olmstead, Frances Wyman and Eloine Truitt; "Quaker Song," by Mrs. Gladys Gibbs Sherman; Hannah, the Quakeress (Mrs. A. M. Hunt); Florence Nightingale (Mrs. Ray Galvin); song, "Joan of Arc" (Mrs. Helen E. MacMullin; Jeanne D'Arc (Mrs. Warren Roberts); "Air of Elizabeth," by Mrs. Virginia Freeman; Queen Elizabeth (Mrs. Fred Abbey); violin solo, "Song of India," by Hazel Linkogel; the Inca Princess (Mrs. Roy Kent); Evangeline, the Maid of Acadia (Mrs. Gladys Gibbs Sherman); song, "One Fine Day," by Mrs. Helen Graham Cole; Okanago, wife of Mikado Chinai (Mrs. Albert D. Pearce); song, "By the Waters of Minnetonka," by Mrs. C. L. Viereck, Mrs. Frank N. Arnold and Mrs. C. H. Meadows; Pocahontas (Mrs Harry Lockwood). The costuming of both the players and singers was appropriate in every detail to the periods they represented. Mrs. Parker sang patriotic airs, and also directed the musical part of the program. The play, "Women of History" (Mrs. Mary Wolcott Green, A. B.), was directed by Mrs. R. E. Chase, who also wrote the parts of Evangeline, Florence Nightingale, Mary Washington and Jeanne D'Arc. Mrs. Gertrude Champlain Erb and Mrs. Roberta T. Young were the accompanists.

Mrs. Raymond Chase, who directed the pageant of Famous Women of History, writing the spoken parts for some of those represented, was introduced at the close of the performance and presented with a beautiful basket of flowers by members of the cast. Mrs. Chase is curator of the drama section which is giving the stage equipment to the club.

STANDARD OIL IS CHARGED WITH DOMINATION

La Follette Denounces Alleged Frameup Interviews on Dollar Gasoline

[By Associated Press]

WASHINGTON, Mar. 14.—Reiterating charges of control and domination of the oil industry by the Standard Oil companies made in the report of the senate committee of which he is chairman, Senator La Follette of Wisconsin, in a statement published today, declared "interviews on the possibilities of dollar gasoline" by their officials should not be permitted to divert public attention from the "fact" established.

The principal point of attack on the report by the oil officials, Senator La Follette says, seems to be the possibility of dollar gasoline.

The report, he said, made no prediction of such price levels, but did "point out specifically the way to prevent such a catastrophe.'"

SECRETARY RHOADES HAS NO COMMENT ON RESIGNATION

James M. Rhoades, secretary of the Chamber of Commerce, who resigned his office at the meeting of the board of directors Tuesday afternoon, to take effect April 1, says he has no statement to make; that his relations with the chamber are entirely cordial and that he is resigning to further a policy of retrenchment decided upon by the board. He declares that he is as devoted to the welfare of Glendale as he ever was, and hopes to continue to reside in this city.

Music Section to Have First Concert In New Clubhouse

Now that the auditorium in the new Tuesday Afternoon clubhouse has been dedicated it is probable that a long calendar of entertainments will be booked. One of the first will be given Thursday evening, March 22, by the music section of the club as a benefit for the piano fund, the section having assumed the responsibility of paying for the fine piano purchased for the club. Artists who will give the program will include the celebrated pianist, Brahm Van den Berg, of this city, and the distinguished young violinist, Carl Lubovski.

WEST SIDE FOLKS O. K. BOND ISSUE

Alexander Mitchell Talks for School Relief in Glendale

At a regular meeting of the West Glendale Improvement association, held Tuesday evening at the Columbus Avenue school, over which the president, Rudolph Streit presided, there was a brief debate on the proposed bond issue to be voted upon Thursday, in which Alexander Mitchell spoke for the bonds and Mr. Gray against them.

On motion of Mr. Young a vote upon the matter was taken and carried in favor of the bonds, although some in the audience did not vote.

George Karr was present, representing the civics committee of the chamber of commerce and there was some discussion of a proposed federation of improvement associations as a part of the chamber organization. The association went on record as opposed to the plan because it would be represented only by its delegates.

About forty were present.

AUTO ACCIDENTS

Two minor automobile mishaps occurred in Glendale Tuesday. Automobiles belonging to Wilbert M. Dundas, 916 North Louise street, and a person whose name could not be learned, collided at the corner of Brand and Broadway at 12:45 o'clock Tuesday night. No one was injured.

A machine driven by Louise Dorothy O'Connor, 411 North Central, ran into the motorcycle belonging to Motor Officer Collins, while it was standing on Central near Lexington at 9 o'clock Tuesday night. Miss O'Connor claims, according to police records, that the motorcycle was standing in the center of the street when the accident happened.

DOG BITES BOY

Little Roy Ellis Brenkman, 5-year-old son of Mr. and Mrs. C. L. Brenkman, was bitten by a stray dog on Monday evening. Little Roy had come up town with his father. He was inspecting the articles in the window of the Western Automobile Supply company while Mr. Brenkman crossed the street to attend to some business. When the latter returned he found several people around his automobile who informed him that his son had been bitten by a short haired white dog. Little Roy elaborates on this description to the extent that the dog had a short tail and wore no collar.

PASADENA RESORT IN FOREST FIRE

Gale-fanned Flames in Sierra Madres Sweep Toward Tavern

RESCUE CREW IS OUT

City Organizes to Combat the Blaze in the Mountains

PASADENA, March 14.—All hope of saving the costly observatory buildings on Echo mountain have been abandoned. The flames are within five minutes and the fire fighters have been forced back. The buildings will be destroyed within ten minutes.

PASADENA, March 14.—Fanned by a 50-mile gale, fire which started at 10:15 o'clock this morning near Inspiration point in the Sierra Madre mountains back of Pasadena, has broken away from all control and is sweeping toward Alpine tavern. Twenty-four men, all that were available, were rushed to the scene from Alpine tavern. At noon today the telephone wire between Alpine tavern and Echo mountain was blown down by the high wind.

Thirty men from the Pasadena university who volunteered to fight the fire were sent out from here at 12:30 o'clock. Special cars are being run from Alpine tavern to bring the guests to safety. The gale is blowing from the east and the flames have licked up the great trees in Castle canyon. This is a portion of the Pasadena watershed. The flames have spread up the mountains between Mount Rubio and Inspiration point and flying embers carried by the wind have started many smaller fires to the west.

Pasadena municipal authorities are preparing to send up a crew of fire-fighters to keep the flames from entering the upper reaches of Eaton's canyon.

The Pacific Electric is rushing special cars from Pasadena with fire fighters as quickly as they can be recruited.

Thousands of persons in the San Gabriel valley have been watching the progress of the fire. All the heavy timber in Castle canyon has been destroyed.

From San Gabriel a large crew of Mexican fire fighters were gathered hurriedly together and rushed in special trains to the mountain.

Late reports state that the fire has reached a point half mile from Alpine tavern. The guests, according to the same report, were packing their belongings and boarding the cars held in reserve by the Pacific Electric for the emergency.

John Opid, veteran fire fighter, is in charge of the men fighting the blaze.

During the progress of the fire the wind registered close to 70 miles an hour at Alpine tavern, according to reports received by Charles Tibbett, terminal foreman in Pasadena for the Pacific Electric railway.

"A cordial greeting awaits you. We urge you to attend the greatest district conference, which will be held in the land of sunshine and flowers. If you have never attended one it is your duty to do so. If you have attended one in the past, then you need no urging, as the greatest good to be gotten from Rotary is in attending the conferences. It is there you meet many fellow Rotarians with the same classification as your own. It is there you receive from the governor the messages from international Rotary. It is there you have an opportunity of talking with your fellow Rotarian who 'profits most by serving best.' Plenty of hotels at reasonable rates. Plenty of entertainment, among which will be a trip to Mt. Lowe or to the Mission Play. BUSINESS WOMEN BACK MISS ORFF FOR QUEEN

Forty Attend Dinner and Business Meeting in Club Home

Covers were laid for about forty members of the Business and Professional Women's club at its dinner and business session Tuesday evening at the club home, 126 South Maryland avenue.

One of the interesting items of business was the endorsement of the candidacy of Miss Corinne Orff, a popular club member, who is one of the competitors in the Glendale Merchants' Exposition queen contest.

In connection with the exposition Dr. Hewen suggested that the club endeavor to secure a concession, and a committee composed of Dr. Hewen, Dr. Cobb and Dr. Early was appointed to investigate the matter and report to the cabinet.

Mrs. M. O. Ryan read the resolutions adopted by the City Teachers' association relative to Governor Richardson's budget for school purposes and his drastic policy of retrenchment, and the club voted its endorsement of the resolutions.

An invitation from Fred Deal, manager of the local telephone exchange, for the club to visit the plant, was accepted with the understanding that an early adjournment will be taken at the next business session one month hence for the purpose.

The president, Dr. Laura Brown, announced that a proposition had been received from Mr. and Mrs. Hall, owners of the property the club leases on Maryland, to build a clubhouse for the organization, but she was not prepared to give particulars at present.

Considerable time was devoted to the assignment of members to teams under the ten captains who are to promote the "earn a dollar" campaign which will terminate in a dinner and program March 27, at the club house, when members will be privileged to bring escorts. Many of the members present volunteered contributions to the dinner and also contributions toward the furnishings of a bedroom.

Sentiment was strong in favor of opening the privileges of the noonday luncheons to the general public and the publicity committee was instructed to advertise them among the business men and women of the city.

A vote of thanks was given Mr. and Mrs. Hall for their generous treatment of the club, and announcement was made of the County Federation dinner to be given in Los Angeles, March 28, to which all members of the local club are invited.

FORMER VETERANS' BUREAU COUNSEL ENDS LIFE

Charles F. Cramer Commits Suicide at His Home in Washington

[By Associated Press]

WASHINGTON, Mar. 14.—Chas. F. Cramer, who resigned a few weeks ago as general counsel for the veterans' bureau was found dead here today and the police reported that he had committed suicide.

Mr. Cramer's body was found in his home here and his death, the police said, apparently was due to self-inflicted bullet wounds.

He was 45 years old. He came here from San Francisco in 1921 to become general counsel of the bureau.

Except for a maid, according to the police story, Mr. Cramer was alone in the house when the shooting occurred. He had accompanied Mrs. Cramer to the Union station at midnight when she boarded a train for New York and then had returned home and left orders for the maid to call him at 8 o'clock this morning. When the maid went to his room at that hour, she told the police, she found that he had entered the bathroom and locked the door. The police were summoned and when they broke the lock they found Mr. Cramer dead on the floor with a bullet in his brain.

Mr. Cramer's resignation from the veterans' bureau was accepted by Director Forbes shortly before he himself quit office in February, and during the time when the bureau was under fire from members of congress and others who were demanding an investigation of the conduct of the legal divisions and other sections having to do with the placing of contracts for hospital construction. Since then such an investigation has been ordered by the senate and the groundwork for it had been laid yesterday at a conference between Frank T. Hines, the new director, and John F. O'Ryan, special counsel for the investigating committee.

CITY MAY SUE THE COUNCILMEN AND ALL IN NEW PARK DEAL

Judge York Overruling Officials' Demurrer, Recommends All Be Included in Complaint Under Injunction Proceedings Now in Superior Court

CITY OF GLENDALE MAY ASK MONEY REFUND

Plaintiff George A. Montgomery to Seek to Associate Corporation As Plaintiff in Prosecution of Action

The injunction of George A. Montgomery against the city council and others, in connection with the purchase of the Glendale-Verdugo park and the airport, may broaden this week into the city of Glendale being made plaintiff with Mr. Montgomery in the attempt to restrain further payments on these parks and also to compel the defendants to refund to the city treasury all money paid on these parks, in addition to interest and money for improvements expended on these properties, if the request of Attorney Everson, representing the plaintiff, is complied with.

In the superior court yesterday the court overruled the demurrer of City Attorney Shaw, and recommended that it would be best to bring in all of the parties connected with the purchase of the two properties.

Kenneth road.

In line with this recommendation attorney for the plaintiff will request that the city of Glendale be added as plaintiff, and Elizabeth Jones, who sold Glendale-Verdugo park to the city, and John Radcliff, from whom the airport was purchased, be added to the list of defendants, and a judgment against Elizabeth Jones for the amount of the first payment of $20,000 to her, and also the value of the improvements placed upon the lands, will be asked in favor of the city of Glendale.

The same action will be sought in the case against John D. Radcliff in the proceedings. He will be asked to repay to the city the $16,500 received by him with interest and the value of the improvements placed thereon by the city.

CITY COUNCIL HAS NO MONEY FOR CLEANUP

So Informs Directors of the Chamber of Commerce in Letter

The matter of a spring clean-up day for Glendale was taken up at the meeting of the board of directors of the chamber of commerce at the Harriet Mae Tea Rooms Tuesday noon. George Karr, chairman of the civics committee reported that he had taken the matter up with the members of the council and that they stated that there was no money available for this purpose. It was decided to write a letter to the council asking that such an event be called, and also that a committee from the chamber wait on the council a week from next Thursday night, to ask that a definite date for this event be named.

A letter was received from the city council which stated in effect that the street signs for Glendale selected by the chamber are too expensive, and assuring the board that the council is anxious to provide some kind of a standard street sign for the highways of this city. Councilman Kimlin was present and suggested that the members of the board investigate the signs that have been erected at the intersection of Brand and Colorado. The council, he said, was very favorable to this sign. The sign question was referred to the civics committee for further action.

A letter was received from Assemblyman Weller informing the chamber that the question of the re-apportionment of California will be heard in Sacramento on March 15. On motion of Mr. Kitterman it was decided to send Mr. Weller a telegram commending him on his action in this matter.

The question of the auto camp ground at the corner of San Fernando and Riverdale was brought to the attention of the board by George Karr. He stated it was a disgrace to Glendale and should be removed.

L. H. Wilson also spoke on this subject and said that 100 per cent of the residents in the region of this camp wanted it removed. He suggested that a committee be appointed to confer with the city council to see what can be done with regard to establishing a municipal camp ground, to be maintained under supervision of the city.

NON-SECTION TO GIVE LUNCHEON

The luncheon to be given on Saturday by non-section members of the Tuesday Afternoon club in the new clubhouse will be served at 12:30. No more tickets will be sold, the full complement of 360 for which provision has been made having been disposed of. Following the luncheon, cards will be played.

REGULATION OF DANCE HALLS IS URGED

Should Be Supervised, Declares Bay City Police Woman

[By Associated Press]

SEATTLE, Wash., March 14.—In public dance halls, according to the philosophy of Mrs. Elizabeth W. Harris, are laid the foundations of homes, and therefore public dance halls are a public necessity.

Mrs. Harris, whose husband is a city detective, has for years been a policewoman and has just been chosen supervisor of dancing under a new ordinance. The ordinance was introduced by Mrs. Henry Landes, club woman and member of the city council after an agitation here about dance halls.

Back of all the frivolities and the craving for amusement in the soul of a girl, Mrs. Harris reasons, is a picture of domesticity—a good house, well furnished, with a family in it, and when a lass goes to a dance, she is thinking, sub-consciously perhaps, of a husband.

"The character of the music in dance halls is very important," said Mrs. Harris. "Jazz, I consider in a great measure responsible for the sensuousness to which social workers object.

"Girls who live with their parents or older brothers and sisters, have the environment of a home to which to attract and in which to entertain their men friends. The working girl without family ties lacks just that and turns to the dance hall as a substitute. Recognizing this, we must do our utmost to make the public dance halls places where wholesome enjoyment can be had by girls and their friends."

BISHOP LEONARD DEFIES EVOLUTION

ASBURY PARK, N. J., March 14.—Bishop Adna W. Leonard of San Francisco, in an address before the New Jersey Methodist Episcopal conference today, declared that science is destroying the faith of thousands of people.

In remarks conference members attributed as referring to the recent stand of Rev. Dr. Percy Stickney Grant of New York city, Bishop Leonard continued:

"We want an intellectual faith, but the theory of evolution I defy."

He declared he pitied "the man in the pulpit who is false to God," and that the rites of the Methodist Episcopal church "mean just as much as we interpret them to mean."

HIGH TRUSTEES HOLD SESSION

Consider Program Clocks and Appeal of Union Labor

The chief matters considered at the meeting of the board of trustees of Glendale high at the meeting held Tuesday evening were program clocks in connection with a hearing granted representatives of three bidders for the contract, and a hearing granted representatives of the painting, paper hanging and decorating trades relative to the employment of local labor, and competent inspection.

The board assured the men who appeared before it that Architect Austin is employing competent inspectors at all stages of the work and will do so when the painting contracts are being carried out; that neither Mr. Austin nor the board have any control over the employment of labor, but that both will urge upon the contractor the use of local men to the greatest possible extent.

The spring vacation was set for the week preceding Easter, or from March 26 to April 2.

The merits of three systems of program clocks occupied the attention of members of the board during most of the session. Mr. Abbott, of the Standard Electric, presented the good points of that system; Mr. Wright and Mr. Evans of the Los Angeles office, and Mr. Rimpsher and Mr. Wright of the San Francisco office were the advocates of the International system, and Mr. Estabrook with the help of an associate, showed the good points of the Pacific time clock system. The representatives of the International system had samples to demonstrate the mechanism of their clock, the bell ringing and program features. All gave lists of places in which their systems are installed and the trustees held the matter open pending further investigation and reports from the references given.

The request of one of the boy scout troops for permission to use a gymnasium one night a week, was granted.

NEW GAS RANGE LINE IS SHOWN

D. L. Larkin of Los Angeles has charge of the good housekeeping department of the Page Furniture company, 306 East Broadway, and has put in a large line of A. B. gas ranges, Easy Vacuum washers, vacuum cleaners and the Westgate Electric cookers. A demonstration of the Westgate is now on at this store.

Mr. Larkin is well versed in his particular line and promises to give the public A-1 service. The A. B. gas ranges and stoves are well known, and Mr. Larkin is going to push the sale of the same, besides giving service that will prove satisfactory.

In speaking of the new department, Mr. Larkin said: "We have opened up for business in Glendale with the sole idea of giving the housewives of this section a service that will prove satisfactory in every sense of the word, and we invite them to use our good housekeeping department at any time. This week we have a demonstration on that will prove very instructive to users of electrical cooking apparatus, and we hope the ladies will come in and avail themselves of the opportunity to see the Westgate do the work of the kitchen.

SLEEPING SICKNESS SERUM

[By Associated Press]

ROCHESTER, Minn., March 14.—The serum designed to cure lethargic encephalitis, better known as sleeping sickness, is still too much in the experimental stage to permit any predictions as to its success, Dr. E. C. Rosenow, bacteriologist at the Mayo clinic here, declared today.

Dr. Rosenow, who isolated the germ and produced the serum, expressed himself as well pleased with the results obtained, as reported in El Paso, Texas, dispatches.

The germ of sleeping sickness was isolated here several years ago. The germ was then cultivated in horses at the clinic's experimental farm here and the serum was obtained from the horses.

John having reached his teens was invited out to dinner without his parents. An anxious mother told him to be careful about his manners and speak in complimentary terms of the food served him. He heeded her instruction and did the best he could under the stress of embarrassment. After he had tasted the soup, he remarked: "This is pretty good soup, what there is of it." He was greatly disconcerted to observe a frown on the face of his hostess, and he hastened to repair his blunder by remarking: "And there's plenty of it—such as it is."

Wholesale Murder in Alleged Plot

[By Associated Press]

LONDON, March 14.—A sensational story of a plot by an Irish republican orgaization to murder British cabinet ministers and commit other outrages, is printed today by the Daily Sketch.

The newspaper connects the alleged scheme with the activities of Irishmen recently arrested in Great Britain. It says that the persons marked for assassination included Premier Bonar Law, David Lloyd George, and Sir Hamar Greenwood.

A large number of women in the organization, the Sketch asserts, obtained employment in the households of the intended victims and thus became able to supply outside persons with details of the men's movements.

Pacific-Southwest Review

BY D. H. SMITH, Vice-President and Manager

D.H.Smith

Someone has said that industry earns, economy manages, prudence plans, frugality saves; but thrift earns, plans, manages, and saves.

Thrift is seldom an innate quality. It is a product of environment, and training. A study of nations and men demonstrates this. Consider, for instance, France. The French are proverbial savers. Habits of thrift and industry, inculcated through many years, places France in the front rank of capitalistic nations. No matter how small the income, the French always find a surplus for saving.

Thrift has become characteristic of great nations. The rise of the Roman Empire was due in no small degree to the thrift of the people. With prodigality came degeneracy and the supremacy of Rome was doomed. The thrift of Frederick the Great's father, whose strict economy prepared a vast treasure and powerful army, started Prussia from a modest little kingdom in the north of Europe toward becoming the German Empire it was before the recent war.

Here in America thrift is more difficult than in the older countries of Europe. Our standards of living make it so. For every encouragement we are given to save, we meet a dozen temptations to extravagance. But thrift is even more essential here than in the foreign countries. Success in private or public life, or in business resolves into being prepared—prepared to take advantage of the many opportunities that are presented, and prepared against possible adversity. The strength of an individual or business or nation depends upon stored energy—reserve power.

Thrift for the sake of thrift alone has little incentive. There must be a purpose, some reason for which money is being systematically laid away, some destination to be reached. Saving is no hardship when it is realized that the self-denial of present monetary pleasures makes possible the realization of hopes and ambitions in the future.

Through its savings department, the bank provides the means by which to save—the opportunity and convenience—but it cannot provide the incentive. That can only be born of the desires of the individual. The man or woman who wants a home, a start in business, an education, travel, an investment or opportunity fund, a protection against unforeseen circumstances, and any of many other things, will find the way to the realization of those ambitions through the saving teller's window at their bank.

Particularly should habits of thrift be fostered in children. Not only is thrift in itself one of the foremost virtues but it is also a character builder. Education begins at home. The child is a good imitator. It is a wise plan to start a savings account for the little one and let it learn the meaning of thrift by watching the account growing bit by bit as it grows.

At the Brand Blvd. or Glendale Ave. branches of the Pacific-Southwest Trust & Savings Bank a term savings account, bearing 4 per cent interest, compounded semi-annually, may be opened with one dollar. You will be interested in our beneficial term savings plan.

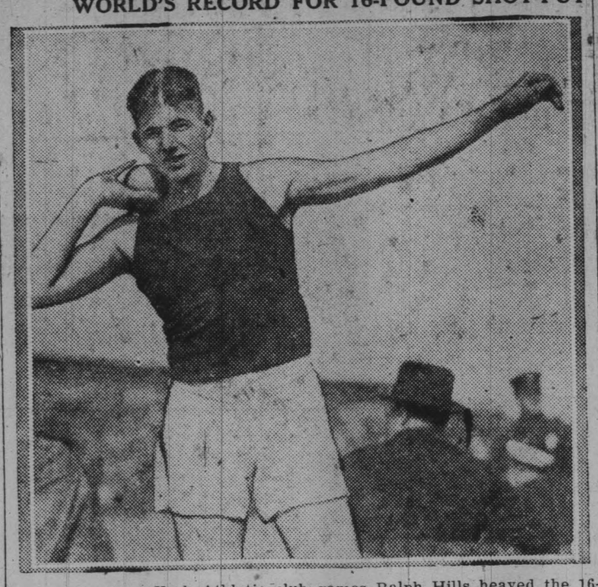
HILLS, YOUNG PRINCETON GIANT, WHO BROKE WORLD'S RECORD FOR 16-POUND SHOT-PUT



At the New York Athletic club games Ralph Hills heaved the 16-pound ball a distance of 48 feet 9 inches. This put in the discard the long standing indoor mark of 47 feet 6½ inches set by Pat McDonald of the New York A. C. Hills won the indoor national championship last year. He seems to be a promising prospect for next year's Olympic team.

WOMEN'S FREEDOM IS NATIONALISTS' AIM IN TURKEY

Yasmih Is Disappearing and Young Women Mingle in Streets

[By Associated Press]

ANGORA, Mar. 14.—One of the aims of the nationalist regime in Turkey is to emancipate the Turkish women who enjoy none of the freedom or the privileges accorded other women of the world. The foremost exponents of women's rights in Turkey are Halliady Edebe Hanum, a graduate of the American girls' college at Constatinople, and Mme. Kemal Pasha, the 19-year-old bride of Mustapha Kemal Pasha.

Madame Kemal returned to Angora from Smyrna and appeared dressed as a man, with riding breeches, high boots, spurs and a jaunty outing cap.

Madame Kemal's advent will modify or greatly curtail the restrictions and obsolete costumes of the women of Turkey by Mahomet it is said everywhere here.

She insists that the rules of conduct and dress prescribed by the stern founder of the Mohammedan faith centuries ago, are not tenable today, and she intends to inject some western customs into Turkish feminine life.

With the growth of the new Turkey, Turkish women are gradually being released from their domestic bondage and now and then are getting a glimpse of real life. They appear on the streets and in places of entertainment in Constantinople in almost as great numbers as foreign women.

The time-honored veil or yasmik, is disappearing. Turkish girls no longer cast furtive glances at the young men of the capital, but mingle with them freely. And the modern moslem woman insists that her husband shall have only one wife, instead of three or four, as formerly.

DR. HADDEN HAS BIG AUDIENCE AT THE CHURCH

Dr. Robert A. Hadden spoke to a large audience Tuesday evening at the Glendale Presbyterian church on "The Problem of Creation." The audience listened with intense interest while he showed conclusively that if men would come to God's word honestly and with open minds the difficulties would disappear. Comparing Scripture with Scripture the speaker showed clearly that God is actually the Creator and that any other suggested solution of the question is only guesswork and speculation that will not stand for a moment in the light of Scripture revelation.

Tonight Dr. Hadden will speak on "The Problem of Man." Is man a creation or an evolution? Did he spring from God or a gorilla? This subject had been announced for last evening but by a necessary rearrangement this subject will be presented tonight. Dr. Hadden presents this subject in a way that glows with interest and his keen sense of humor holds the attention of the audience from beginning to end. High school and college students have shown great interest in this address wherever it has been delivered.

HOW BIRDS SHOW THEIR EMOTIONS

Dr. Clinton G. Abbott, director, Natural History Museum of San Diego, will speak at the Southwest Museum, Los Angeles, next Sunday afternoon, March 18, at 3 o'clock. His subject will be "How Birds Show Their Feelings," illustrated with beautifully colored lantern slides.

Preceding the lecture, Mr. Cecil H. Crocker, tenor, will sing a few selections, including, "Who Knows," by Ernest R. Ball; "Out Where the West Begins," by Philteo. Mr. Crocker will be accompanied by Miss Marie Everett.

The public is cordially invited to take advantage of an interesting afternoon.

WEINER'S STORE IS CLOSED WHILE BOSS MARRIES

Many people wondered why Ellis Weiner's store on East Broadway was closed several days last week. Ellis had a good reason.

He stole a march on his friends, went to Santa Ana and had Judge Cox unite himself and Miss Lillian Wolfson in the bonds of wedlock. He arrived home Sunday and was welcomed by his many friends and patrons, who had wondered what had caused his absence. Ellis likes Glendale so well that he intends to build a home here some day. His business is growing, and he is gradually increasing his stock.

KELLER PUPILS TO GIVE PROGRAM

The children attending are assured of an unusual program and all are cordially invited.

The program commences promptly at 11 o'clock and an early arrival is urged.

"PERSISTENCE OF FORCE"

This is Herbert Spencer's false phrase, deliberately coined and chosen by him and others to displace from the public mind the truth of a personal spirit, the true God, and to put in His place at the head of the Cosmos an abstract false idea and fool notion, substituting a bald lie for the reality of a God.

Force is power in action. It is the application of power to produce some definite special result.

All power goes back to will and will to spirit. Force is the action of some will, power, spirit, in some direction or way to produce a special result, such as horsepower, steam power, electrical power, man power, and so on.

To persist is to continue.

Persistence of force is continuance of existence.

If force continues to exist it must be, because some being having power continues to exist, but not otherwise.

If no spirit that has power and will exists, then there is not and cannot be any force and so no "persistence of force." So persistence of force is a bottomless falsehood. Evolution is a bottomless lie, with no reality as its base. It is not knowledge and so cannot be either science or philosophy, and is only a tissue of false guesses.

A long time since, 384 to 322 B. C. Aristotle said rightly:

"We must not accept a general principle from logic alone; but we must prove the application to each fact; for it is in facts we must seek general principles, and these must accord with the facts. Lord Bacon said essentially the same. Also A. R. Wallace said truly, "if you find a fact that your theory does not account for or satisfactorily explain, then your theory must be mended or ended." This is just where all evolutionists go astray. They make a guess and then distort or manufacture the facts to prove their case, or they try to prove one false guess by making another. They contradict the facts by their suppositions.

In his "lay sermons," P. 295, Prof. Huxley says, "It is my clear conviction that as the evidence now stands, it is not absolutely proven that a group of animals, having all the characteristics exhibited by species in nature, has ever been originated by selection, whether artificial or natural." After suggesting to Spencer "persistence of force," Prof. Huxley rejects it, and when Darwin is confronted with the truth, that in more than 30,000 species, no case of transmutation of one species into another, has ever been found, he proceeds to beg the whole question. See his "Origin of Species," pages 151 and 155. He says: "If my theory is true, numberless intermediate varieties, linking most clearly all the species of the same group together, must assuredly have existed."

He admits there is no case found, and then cites the imperfection of the geological record to prove his point. This ia a fair sample of the reasoning of evolutionists. They assume that they are scientists and that their guesses are scientific, and then they declare that the rest of us are bigoted ignoramuses, too stupid to be noticed. Their assumed ground and viewpoint is that all is matter, that matter is eternal, and in it is all power and potency, of all things that exist. Of course, no personal spirit, or God, is either necessary or possible. "Persistent force" is at the head of the universe, and all things and beings come and go, in a ceaseless process, infinite, eternal, inexorable, blind, fatalistic, without purpose or design, intelligence or will.

See Herbert Spencer's foot note on Page 162, First Principles, as to "persistence of force," quoted before. Then his seventy-eight pages of discussion on the law of evolution from pages 266 to 343, where he sums it all up thus: "Evolution is the integration of matter and the concomitant dissipation of motion, during which matter passes from a relatively indefinite, incoherent homogeniety, to a relatively definite coherent heterogeniety and during which the retained motion undergoes a parallel transformation." This is as clear as mud. A witty Englishman calls it "Evolution, Disolution, Oscillation;" a Yankee adds "Zigzagation." Of course, when Simon says "wigwag" that is science, and philosophy.

According to Spencer, in F. P. on page 467, evolution has its basis in three notions, "The indestructibility of matter," "the continuity of motion," and "the persistence of force." Of which the last is ultimate, and the others derivative." They are every one false. That matter is not indestructible or eternal all experience and observation shows. All matter began, was begun, and will end. It is ever changing and so cannot be eternal. Of matter there are sixty-five different kinds. They have many traits, as length, breadth and height, weight, taste and color, size, form and shape, hardness, brittleness and toughness, malleability, ductility, etc. All have ten universal laws.

MAYOR ROBINSON WELCOMES CLUB IN ITS HOME

Expresses Felicitations of City on Opening of the Clubhouse

As Mayor of Glendale, Spencer Robinson formally welcomed the Tuesday Afternoon Club to its new home last night at the housewarming. He said, in part:

Madam President, members of the Tuesday Afternoon Club and friends: No words can express the joy I feel to be able to have the privilege of greeting you in this magnificent structure, your new club home. There is no capacity, nor limit, to the appreciative remarks I have heard from all Glendalians and mere words would not serve to express the pride I carry in my heart. However, I thought that when your capable president, Mrs. Campbell, asked me to say a few words, she would at least allow time enough to fully give credit where credit is due, but as always—in the midst of the ladies—two minutes was the most that could be spared for a mere man.

You know that practical dreamers are the forerunners of civilization, but how proud Glendale can be to know she has a woman's club which has matched its dreams with realties! An individual or a group having an overmastering purpose, an aim, is a great elevating power in a community. There is no quality which gains more admiration than that which enables an individual to form a definite purpose and then to concentrate all his energy in executing it. That is why Glendale with her 35,000 people is backing you ladies, who, when people said "impossible," when every faculty gave up, when influence and pull left the field, trudged on with polite, gritty persistence and bulldog tenacity and by sheer force of holding on accomplished the impossible, compelling the admiration even of the indifferent and won for Glendale an edifice that will stand as a memorial to those who will follow, representing the culture, the refinement, the beautiful of life. Our successors will picture as we do today, a group of resolute women who have plodded through every obstacle to gain the heights above mediocrity. That is why to be able to stand before you this evening, representing Glendale, is the greatest of honors. A man assumes importance and becomes a power in the community just as soon as it is apparent that he stands for something. Glendale knows you stand for the highest advancement; she sends you every good wish for the coming years and under your beloved and capable president there is no doubt that you will flourish beyond description. Glendale's message through me is that—"We're all proud of you and back of you each and every one!"

Berlin Denies French Allegations

[By Associated Press]

BERLIN, March 14.—The German government in a note to the French government protested against the severe reprisals taken for the killing of two Frenchmen at Buer when it has not been proved that Germans had any part in the killings.

"Well, Mr. Jones," asked the doctor, "how are you feeling this morning?"

"Much better, thank you," replied Jones. "The only thing that troubles me is my breathing."

"Um—yes," meditated the doctor. "We must see if we can't find something to stop that."

Have You Noticed How the "Ads" --Both Display and Classified--Are Increasing in the Glendale Press?

"THERE'S A REASON"

1st—The Glendale Daily Press has over 2,000 More Circulation than any other Paper Circulating in Glendale.

2nd—The Glendale Daily Press has a Progressive Policy. It is not controlled by any clique or set of men. It speaks straight from the shoulder. Its aim is to serve the best interests of the community without favoring any interests or individuals. In other words,

THE GLENDALE DAILY PRESS IS AN INDEPENDENT PROGRESSIVE NEWSPAPER WITH BACKBONE AND A DEFINITE POLICY

—which is expressed Daily in its editorial columns. It is forging ahead, because the people like it—they know it is watching their interests and will do all in its power to protect the welfare of Glendale.

NO GREEN GOODS HERE!

The Circulation of the Glendale Daily Press is operated upon the Little Merchants Plan, which insures a bona fide paid circulation, that is far ahead of the newspaper which allows its subscriptions to "run as long as you wish and pay when you will."

We believe that our advertising columns offer the best medium for presenting the message of Glendale merchants, because we reach the most people. We have editions for Eagle Rock and Burbank. Three daily newspapers with an advertising rate that is not high enough for one daily paper.

Here are the sworn statements required by the government from both Glendale Daily Papers:

THE FACTS IN A NUTSHELL:

GLENDALE DAILY PRESS	4,985
SECOND NEWSPAPER	3,336
GLENDALE DAILY PRESS LEAD OVER SECOND NEWSPAPER	1,649

But, Dear Reader, since the statements were published in October, THE GLENDALE DAILY PRESS has added 715 READERS TO ITS LIST and its circulation now exceeds the sworn statement of the second paper by 2364. Growing some in three months, you say. Well, you're right. Watch us grow during 1923. Watch the advertising columns grow. Glendale has live, progressive merchants and they are using the advertising columns of the Glendale Daily Press to send their message to the people.
